SUMMARY

I am a Computer Science student at SZABIST Islamabad with hands-on experience in frontend web development. Skilled in HTML, CSS, JavaScript, React, WordPress, and Shopify, I create responsive and user-friendly web interfaces focused on performance and modern design. Passionate about learning new technologies and building high-quality web experiences.

EXPERIENCE

Web Design/Developer

HA technologies

Jul '25 — Aug '25

Islamabad, Pakistan

Worked as a Frontend Web Development Intern at HA Technologies, gaining experience in building responsive interfaces and improving website performance using modern web technologies including React and WordPress.

Web Developer

Morosoft Technologies

Jul '24 — Aug '24

Rawalpindi, Pakistan

Developed and customized WordPress websites, focusing on performance optimization, security, and responsive design. Worked with themes and plugins, and resolved technical issues to ensure smooth website functionality.

Web Developer

National Vocational and Technical Training Commission NAVTTC

Jan '24 — Jun '24

Islamabad, Pakistan

Completed a Full Stack Web Development program under NAVTTC, developing responsive web applications using HTML, CSS, JavaScript, Bootstrap, and React.js, along with backend technologies including Node.js, MongoDB, and MySQL.

Web Development

Sina Institute of Networks and Aesthetics

Jul '23 — Dec '23

Islamabad, Pakistan

Developed a responsive front-end project using HTML, CSS, and JavaScript, focusing on clean UI design and interactive user experience.

- HTML
- CSS
- JavaScript

EDUCATION

Bachelor in Computer Science, SZABIST University - Islamabad Campus

Feb '23 — Present

Islamabad, Pakistan

- **Modules:** Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA), Database Management Systems (DBMS), Operating Systems, Software Engineering, Web Technologies, Android Development, Artificial Intelligence (AI)

PROJECTS

Restaurant Management System, Szabist University Islamabad

Mar '23 — May '23

Islamabad, Pakistan

- Developed a Restaurant Management System as an academic project, focusing on menu handling, order processing, and inventory management. Designed a user-friendly interface and implemented structured functionality for efficient operations.

Canteen Management System, Szabist University Islamabad

Nov '23 — Jan '24

Islamabad, Pakistan

- Built a Canteen Management System as part of university coursework to manage food items, categories, and payment processes. Focused on clean design and organized data handling.
